

2026 YARD RATES

Aggregate reload and recycling yard

3335 Sexsmith Rd, Kelowna, BC | 250-462-4697 | info@reloadokanagan.ca
Monday-Friday, 7:30 AM-4:30 PM | After-hours and weekends available with notice

Material type	2026 rate	Public note
Asphalt (Clean)	\$30 / tonne	Clean and uncontaminated; not mixed with other materials.
Clean Concrete	\$25 / tonne	No rebar or debris; no larger than two feet in any direction.
Concrete (Light Rebar)	\$55 / tonne	Minor steel only and manageable by crusher.
Wood Waste	\$45 / tonne	Clean dimensional wood only; no garbage or plastics.
Stumps	\$75 / tonne	Subject to size, dirt, and moisture content.
Waste Fill	\$165 / box	No asphalt, organics, or debris.
Pit Run (Clean)	\$5 / tonne	Sand, gravel, or screened dirt only.
Asphalt Shingles	\$150 / tonne	Source-separated asphalt and fiberglass shingles.
Clean Hydrovac	\$325 / load	Flat rate; clean-material declaration required.
Demo Waste	Coming Soon	Not currently accepted.

OVERSIZED CLEAN CONCRETE

Clean concrete larger than two feet in any direction is subject to a \$40 / tonne sorting fee.

ACCEPTED-MATERIAL RULES

Review requirements before arrival. All loads are inspected.

Concrete

Clean concrete is no larger than two feet in any direction and is not mixed with fill, rebar, or other materials. Pure clean-concrete chunks larger than two feet in any direction are subject to a \$40 / tonne sorting fee.

Concrete (Light Rebar)

No larger than two feet in any direction; minor rebar is permitted only when the material remains manageable by crusher. No garbage, plastics, or wood.

Wood Waste

Clean dimensional wood only; no garbage or plastics.

Stumps

Uncontaminated and free of soil and dirt.

Pit Run (Clean)

Uncontaminated base material such as screened dirt, sand, and gravel; no organics or debris.

Waste Fill

Uncontaminated, free of organics and debris, and requires screening.

Asphalt Shingles

Source-separated asphalt and fiberglass shingles.

Clean Hydrovac

Hydro-excavation material only. No contaminants are tolerated, and a clean-material declaration is required before acceptance.

DECLARATIONS

Fill, hydrovac, and wood require a clean-material declaration at disposal. Contact the yard before hauling mixed, oversized, or unusual loads.
